Sir:

DECLARATION UNDER 37 C.F.R. §1.324

I, **Harry R. Howard, Jr.**, declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of title 18 of the United States Code and that such willful false statements may jeopardize the validity of this application or any patent issuing thereon; and I further declare that:

1. I, **Harry R. Howard, Jr.**, was awarded a Bachelor of Arts Degree in Chemistry from Central Connecticut State College in 1974 and a Masters of Science degree in Chemistry from Saint Joseph College of West Hartford, Connecticut in 1985. I have been employed by Pfizer Inc since 1974 as a research scientist. Since 1987 I have been conducting research relating to the central nervous system in the antidepressant and antipsychotic fields.

3. A continuation-in-part (CIP) application of the parent application was filed in the United States Patent and Trademark Office (USPTO) on January 22, 1988.

4. Subsequent to the filing of the parent application, but prior to the filing of the continuation-in-part application, I was assigned to work, as a chemist, on the antipsychotic research project which is the subject matter of United States Patent 4,831,031.

5. I was involved in the (1) conception, (2) reduction to practice and (3) interim activity toward accomplishing the reduction to practice of the new matter incorporated into the continuation-in-part application filed in the USPTO on January 22, 1988.

6. The error of the omission of my name as an invention on United States Patent 4,831,031 arose without any deceptive intention on my part.
